FROM: Pete Rinallo MS-138

SUBJECT: State Route (SR) 520 / 148th Ave NE Interchange – Overlake Access Ramp MP 8.75 – 9.20, NEPA Documentation

The SR 520/ 148th Ave NE interchange Overlake Access Ramp Project is currently funded with state funds only with the direction to complete NEPA/SEPA environmental documentation for 30% design till more funding is secured for both design and construction. This project does not have any federal funding and is therefore not included in the current Statewide Transportation Improvement Program (STIP).

NEPA is ready for signature once federal funding is secured and this project is in the STIP. This project may be subject to NEPA reevaluation if the project is not federally funded or built within a 3 years date of the completion of ESA and Cultural Resources documentation.
